## Board Game 1: The Lucky Star Game

### ESL Board Game

To play this board game , each pair of students needs ONE DICE and an eraser each. The students should take turns rolling the dice and then moving their eraser. Next, the students should do the task on the square or make a dialogue with their partner based on the image in that square.

The aim of the game is to get to the center star to earn a point. After winning a point, that student then goes back to the start and begins again. After 5 or ten minutes, stop the game and the student with the most points is the winner.
